

PATENT

REMARKS

This is a preliminary amendment to a divisional application of Serial No. 10/272,035. Claims 20-38 are in this application. Claims 1-19 have been cancelled. Claims 21-38 have been added to additionally and alternately claim the present invention. The title has been amended to reflect the apparatus claim, and the specification has been amended to identify the prior application information, and to correct informalities in the specification.

Respectfully submitted,

Dated: 4-14-04
